linkedin.com/in/yuvanth-sadam

github.com/YuvanthSadam

Frontend Developer with a strong foundation in React, TypeScript, and modern web development practices, gained through hands-on academic and personal projects. Skilled in building responsive, component-driven interfaces with a keen eye for UI/UX. Quick learner, eager to contribute to a team and grow as a professional frontend engineer.

SKILLS

Languages	HTML, CSS, JavaScript, TypeScript
Frontend	React, Next.js, React Native, Tailwind CSS
Backend	Node.js, NestJS
Database & Tools	MySQL, Postman, GitLab
Practices	Responsive Design, Component-Based Architecture, REST API Integration, Version Control

PROJECTS

Personal Portfolio Website

Next.js, TypeScript, Tailwind CSS

- Designed and built a fully responsive personal portfolio from scratch using Next.js (App Router) and TypeScript, chosen for server-side rendering, fast page loads, and strong type-safety across components
- Styled entirely with Tailwind CSS for a consistent, custom design system without relying on a UI template, cutting styling time while keeping full design control
- Structured the UI into modular, reusable React components (Navbar, ProjectCard) to keep the codebase clean, scalable, and easy to extend with future projects
- Deployed via GitHub & Vercel with CI/CD, so every push to the main branch auto-builds and redeploys the live site with zero manual steps
- Live: <https://yuvanth-sadam-portfolio.vercel.app/> · github.com/YuvanthSadam/portfolio

EDUCATION

Bachelor of Science, Computer Science

2021

Seshachala Degree College, Puttur, Andhra Pradesh

Key Strengths

- Fast learner, quick to pick up new tools, languages, and technologies
- Adapts easily to new environments and shifting requirements
- Resilient under setbacks; treats mistakes as learning opportunities
